

Point-in-Time^{by TimeBase}

Legislation yesterday, today & tomorrow.

ASX Listing and Market Rules

Still the most comprehensive ASX Rules and Waivers product available

Official publisher

TimeBase is an official publisher of ASX Rules and Waivers content.

Updated constantly

New Rules and Waivers and any amendments are available within days of official release by the ASX or ASIC.

Unbeatable search

Search across all rule books, waivers, guidance notes and cases in one easy interface.

One stop shop

Having the ASX and ASIC Rulebooks in the one place enables comparative searches across all current ASX and ASIC content at the same time.

Never miss a change

The added email alert service advises you of any changes within 24 hours of advice from the ASX or ASIC.

Historical coverage

In addition to the most up-to-date current data, TimeBase also provides nearly 20 years of historical coverage, right back to 1994.

No more paper

Our subscribers are confidently able to rid themselves of their old paper-based Rulebooks and Waivers.

Anywhere, anytime, access

Information can be accessed 24 hours per day, 7 days per week, from anywhere in the world via a web browser.

Unbeatable current and historical coverage

Only TimeBase covers ASX Listing, Business and Market Rules and related Waivers, ASIC Rules, ASX Tribunal Determinations, relevant case law and more — right back to 1994.

ASX Listing and Market Rules Point-in-Time features:

- ▶ 23+ individual rulebooks with both ASX and ASIC coverage
- ▶ 100+ Guidance Notes explaining how certain Listing Rules operate
- ▶ Appendices and Procedures
- ▶ 1,000+ Waivers across all Rulebooks
- ▶ 200+ ASX Tribunal Determinations
- ▶ 200+ related, relevant pieces of Case Law drawn from all Courts and Tribunals of relevant jurisdiction.

Innovative Point-in-Time technology

TimeBase Point-in-Time uses innovative, patented technology. This unique technology enables users to construct a complete time-sensitive picture of ASX Listing, Business and Market Rules as in force at any specified date back to 1 September 1994.

The service also allows users to identify rule movements across the entire collection through comparative tables and version history including all rulebooks.

All the answers in the one improved service

The TimeBase ASX Listing and Market Rules service has recently undergone significant improvements.

More than ever, users can:

- ▶ search across all rule books, waivers, guidance notes and cases in one easy interface
- ▶ quickly and accurately review rules as at any nominated date
- ▶ search by Listing Rule to fully understand the Waivers granted
- ▶ browse by date and rule or sub-rule number
- ▶ view all Waivers made under any rule irrespective of date
- ▶ link to comprehensive related content to assist the understanding of a rule
- ▶ compare versions of rules and identify changes over time
- ▶ view all cases that can assist the interpretation of a particular sub-rule by date
- ▶ easily access provisions as at a nominated date
- ▶ print, send or save single rules or entire chapters (Authorised versions available in PDF).
